FLEECE MEASUREMENT

The following conditions apply:

- Applicable to individual producers for their own use and own account only.
- Service Time of client's own choice should be requested, but will only be confirmed on the basis of total number of samples, per service time category, in the pipeline at the time of receival.
- Service Time is the number of working days from day of receival until final results and does not include weekends or public holidays.
- Minimum sample weight is 20 grams. (30 grams if ATLAS tests are required)
- Results are normally not posted but are provided by e-mail or fax. Please supply the correct details. If results have to be posted a service charge of R11.20 per submission will apply.
- All costs incurred in sending samples to WTB S.A. are for the account of the sender.
- Electronic data submissions must be emailed to fleece@wtbsa.co.za.

The table below details the full fee structure as well as the cost per sample for other services that can be requested. A minimum fee of R55.00 per submission will apply.
